

# Skip Counting Backwards by 10's

Fill in the missing numbers!

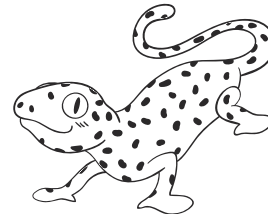

Do the best you can and take your time.

400	390	380		360		340		320	310
-----	-----	-----	--	-----	--	-----	--	-----	-----

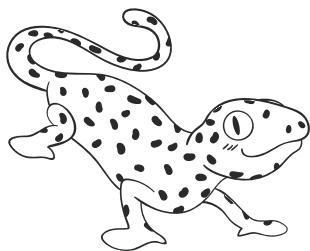

300		280		260		240		220	210
-----	--	-----	--	-----	--	-----	--	-----	-----

	90		70		50		30	20	
--	----	--	----	--	----	--	----	----	--

Wow you've been practicing.  
What if we started from 800 and  
counted backwards by 10?

800	790		770		750		730	720	
-----	-----	--	-----	--	-----	--	-----	-----	--

Okay, so you're amazing at math. Can I  
make it a bit harder? We think you can  
do it so let's try! Keep counting  
backwards by 10

700		680			650	640			610
-----	--	-----	--	--	-----	-----	--	--	-----

		580			550		530		
--	--	-----	--	--	-----	--	-----	--	--
